

ACA Reporting

Southwestern Payroll powered by Cloud's suite of ACA compliance solutions was designed to streamline the reporting and compliance process from beginning to end. Mitigate the risk of IRS penalties through a guided work-flow including data entry, reporting, mailing, and filing. Discover how easy ACA filing and reporting can be.

Key Features

Easy to Use

- Southwestern Payroll powered by Cloud's suite of ACA solutions take complicated regulations and break them down for you. We do the heavy lifting, making our program easy to use and understand.
- The suite comes ready with dynamic data import and connection capabilities.

Dashboards

- Southwestern Payroll powered by Cloud's suite of ACA solutions comes ready with dashboards to monitor your filing and compliance process.
- Track your filing process and stay on top of key metrics including e-filing and mailing counts, insurance plans and employee categories.

Filing & Mailing

- Based on data imported, added or connected to the system, Southwestern Payroll powered by Cloud's suite of ACA solutions fills out the applicable form.
- Forms included are Forms 1094-C, 1095-C, 1094-B and 1095-B.
- Southwestern Payroll powered by Cloud offers bulk print and mail services to the IRS and employees.
- Additional mailing and filing capabilities include an E-File Service to the IRS.

Secure Online Data Storage & Access

- Available 24/7, with no software to load. Work on your time frame, not ours.
- Your data is protected by multiple layers of security.

Dedicated Support

- Southwestern Payroll powered by Cloud's technology comes with system and service support – ready when you need it.

Stay compliant with the ACA.
